

June 2017

Dear Parent/Guardian,

All students entering kindergarten, second, fourth, seventh and tenth grade must have physical examinations. Your child will be entering one of these grades in September. Therefore he/she will need a physical dated as of September 8, 2016 or later for the 2017-2018 school year.

It is recommended that this physical be done by your child's physician as he/she is more familiar with your child and his/her health history. However, if a private physical is not possible, your child may receive a physical at school by our Nurse Practitioner, Jackie Dennison.

Please complete the form below and return it to the Archangel Health Office by August 31, 2017. Please call 247-1112 with any questions.

If you have already submitted a physical for the upcoming school year, please disregard this request.

Sincerely,

Carol Ann Pittman, RN

CHILD'S NAME

TEACHER

- I prefer to have my child examined by our private physician. I have made an appointment for _____.
- My child recently had a physical examination. I will have the doctor complete and sign the medical examination form and return it to the school health office.
- I prefer to have my child examined by the school nurse practitioner.
